**Question-**

**When will I get married, It is very much delay**

**Number -9**

**Prediction-**

**Namaste**

**When the question was taken it was 13:20 Chennai on June 2, 2024. As per the chart casted, and the number you have sent is 9 , you should have had one alliance which came close and called off last year. Do not worry about that Venus who is the significator of marriage is strong , this year after August and before November your marriage will be fixed and you will get your spouse for West direction from the current location and he will be wearing green colored dress when you are meeting him.**

**Remedy**

**Break a coconut on 4<sup>th</sup> Moon day to Ganesha**

**Give 21rs as charity to an old woman on Monday**

**Best Wishes**
